

INWL226

Product Features:

- Compact design, elegant appearance, built-in driver
- Adoption of high efficiency LED chips, UV-free, IR-free, no high thermal radiation, more energy saving than traditional luminaires
- Use the high quality frosted PC cover, enhancing the light diffuse reflection, lower the glare index
- Special mounting bracket makes the installation and maintenance easy and convenient.
- LED chip by CREE

Model	INWL226
Wattage	0,72W
Color	Stainless Steel
Material	Frosted Glass Diffuser
Voltage	220-240V
IP	54
Base	Cable
Body Size (mm)	110x45x58
Color Temperature	Warm White

Application

- Outdoor Lighting

- Garden Wall Lightning
